

ZACCARIA SCARPA

PROFILE

My name is Zaccaria Scarpa. I'm in my Sophomore year at Florida State University in Tallahassee, FL, currently working towards my Bachelor's in Science in Statistics

I am proficient in the coding languages Python, JSON, Java, SAS, and C++. I have a deep interest in data analytics and machine learning. High-level skills in Statistical Modeling, B2B communication, prompt engineering, and research. My goal is to be able to integrate the two and create a large network.

EDUCATION

Florida State University

Sophomore - Class of 2028

Second-year student pursuing a BS in Statistics in the College of Arts and Sciences. Member of the Financial Management Association and founding member of the Zeta Beta Tau fraternity Zeta Alpha chapter.

WORK EXPERIENCE

Chief Marketing Officer

Cofeature IO 2025 - Present

Handle customer development and beta tester outreach during development stage of the EverBase app. Architect and develop production backend infrastructure for AI-powered marketing agent application, integrating workflow automation tools with Supabase and LLM chatbot systems. Build scalable APIs and data pipelines that translate natural language commands into automated marketing workflows, manage real-time database optimization, and establish secure infrastructure supporting conversational AI at scale.

Private Swim Instruction/Head Lifeguard

Bellevue Club 2024 - Present

Deliver one-on-one and small group swim lessons for clients across all skill levels, tailoring instruction to individual goals and learning pace. Oversee lifeguard operations and maintain a safe aquatic environment for club members.

Communications director

Zeta Beta Tau Fraternity - Zeta Alpha Chapter 2024-2025

Serve as the primary liaison between the chapter and its alumni and parent networks, maintaining relationships through consistent outreach and engagement. Oversee all chapter communications, including newsletters, announcements, and social media operations across platforms. Contribute to executive-level decision-making as a member of chapter leadership, helping shape organizational direction and chapter culture.
